Docket # G01551A-10-0458

NOV 14 2011

DOCKETED BY

Dear Members of the AZ Corporation Commission,

I write to you as a Pima Co. resident. My parents lived here. My husband and I live here. Our children live here and if we are lucky our grandchildren will live here. We love this area and we hope that in 40 and 50 years it will still be a beautiful place to raise a family. With that in mind I am dedicated to energy conservation and energy efficiency. I support full decoupling to encourage utilities to help customers reduce their energy bills. Decreasing the use of fossil fuels is of vital importance.

Let's work to reduce energy waste, overall energy usage, and utility bills. Decoupling is a step in the right direction. Please increase energy efficiency and approve full decoupling in the Southwest Gas rate case.

Thank you for your time.

Sincerely,

Martha McKibben
